

## BIG EARTHQUAKE SHOCKS RECORDED

Chicago, Washington and Cambridge Record Quake

Disturbance of Unusual Intensity Believed to Center In Atlantic Ocean

Tremors Last For Many Hours Beginning Early Thursday

(By Associated Press)

Washington, December 16.—An unusually severe earth shock, estimated to be 2,800 miles in an east-westerly direction from Washington, was recorded early today on the seismograph at Georgetown University.

The recording of the shock began at 7:25 a. m. The maximum intensity was reached at 8:07 a. m., and it still was in progress at 9:50 a. m.

The disturbance was described at the Georgetown observatory as the worst recorded here for two years. The distance of 2,800 miles from Washington estimated would indicate the location of the disturbance to be in the United States near the Pacific Coast, if to the west, or in the vicinity of the Azores, if to the east.

## CHICAGO RECORDS A BIG QUAKE

(By Associated Press)

Chicago, December 16.—An earthquake, the severest recorded here in two years, is being registered on the seismograph at Chicago University. The center of the disturbance was estimated at 3,080 miles from Chicago.

As the observatory at Washington reported the same quake 2,800 miles from there, in an east or west direction, the quake apparently is centered in the Atlantic Ocean, being farther from Chicago than from the capital.

## GONG RINGS AT CAMBRIDGE

(By Associated Press)

Cambridge, Mass., December 16.—An earthquake that was termed a "smasher" was registered on instruments at Harvard University station today. The gong in the station that is rung by shocks in far-off China or in nearer places was started before 8 o'clock, and the seismograph was still recording shocks of unusual intensity two hours later.

## MANY RESPOND TO AD FOR WORK

(By Associated Press)

Philadelphia, December 16.—A contracting firm advertised for twenty-five men today, and such a large crowd responded that a detail of police had to be summoned to maintain order. Applicants for work were asked to call at 7:30 a. m., but they began to gather at 4 o'clock.

(By Associated Press)

Venice, Italy, December 16.—Former King Constantine, Queen Sophie and their children sailed from Venice this morning on board a Greek cruiser for Phaleron.

## PRESENT CLAIMS MADE BY LEGION

Soldier Bonus Proposal Hearing Before Senate Committee

Which Points Out the Difficulty In Bearing Expenditure

(By Associated Press)

Washington, December 16.—Claims of former service men to a grant from Congress were supported today by representatives of the American Legion at Senate Finance Committee hearings on the House bill to adjust the compensation of world war veterans.

Col. Frederick U. Galbraith, Jr., of Cincinnati, national commander of the Legion, and Gilbert Bettman, chairman of the Legion's legislative committee, said the Legion sought to present and demonstrate the "validity" of the claims of the men and that Congress could find the means of meeting the obligations.

Their statements were made in response to questions regarding the difficulty the Treasury would have in bearing the financial burden involved in the cash bonus plan. Senator McCumber, Republican, acting chairman, raised the question of postponing action until 1922 or 1923 whereupon Mr. Bettman said while the Legion would defend the tax plan of the House bill it would not defend postponement.

Commander Galbraith said the Legion makes no distinction between men serving overseas or in camp in this country. "All were willing to go; those kept there though were in hard luck," he said.

## BEETHAN WORKS ON COMMITTEE ASSIGNMENTS

No Chairmanships to be Announced for Some Time

(By Associated Press)

Columbus, O., December 16.—Rupert R. Beethan, Harrison county, Republican choice for speaker of the House of Representatives in the next General Assembly, was busy today conferring with House members concerning committee assignments.

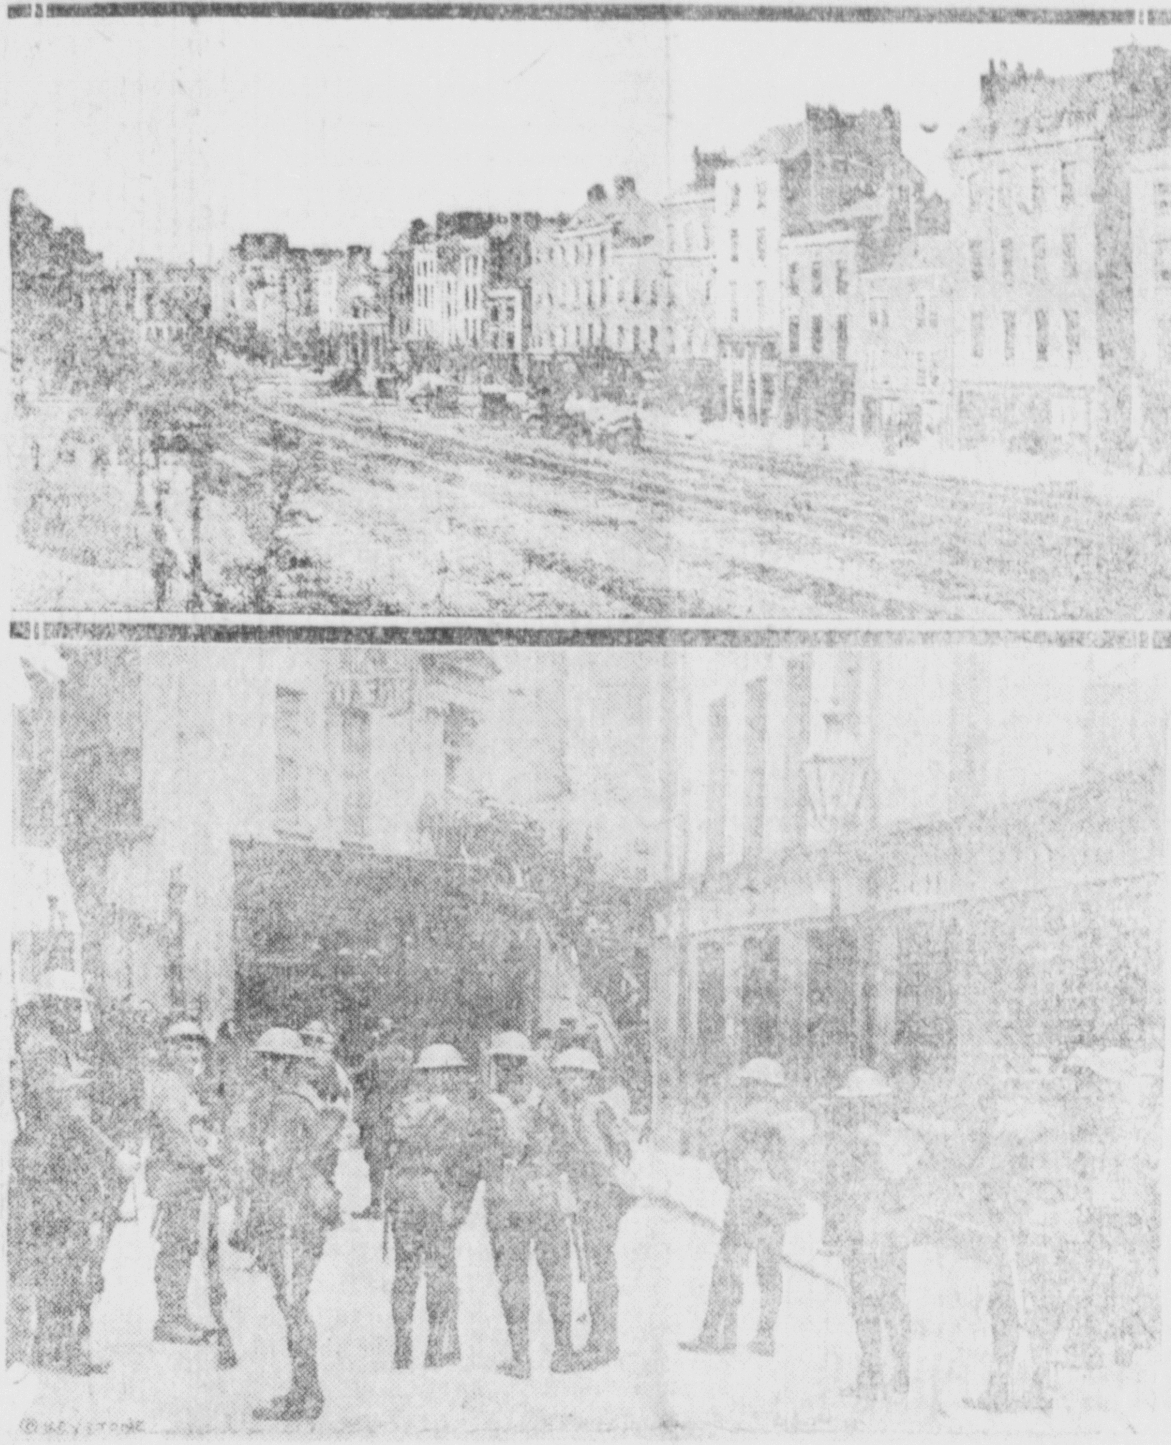

Mr. Beethan announced, however, no announcement of chairmanship assignments would be made for some time. It is expected Judge H. T. Robins, of Chillicothe, will be given the Judiciary chairmanship.

## STEEL PLANTS WILL CLOSE

(By Associated Press)

Youngstown, O., December 16.—Heads of independent steel plants here today indicated the mills will be practically closed from the end of this week until the first of the year, owing to lack of orders. The contemplated suspension will affect 20,000 workers.

View along Grand Parade, Cork, above, and recent picture showing British military guarding street in Irish city.

The fire city of Cork, Ireland, was for a time threatened by a fire which caused over \$7,000,000 worth of damage to important buildings. The fires followed

the ambush of British soldiers in which four persons were killed. The origin of the fires is not known. A group of buildings on Albert Quay, including the city

hall and Carnegie library, part of the corn market and many residences were destroyed. The destruction exceeded that of any property loss in the recent trouble.

## U.S. AMBASSADOR GIVES GERMAN COLD SHOULDER

"Can't You Forget it?" Asks 'Wallace of Official Introducer.

Nations Still At War and Would Not Meet German Ambassador to France.

(By Associated Press)

Paris, December 16.—Hugh C. Wallace, the American Ambassador last night refused to meet Wilhelm Mayer von Kaufbeuren, the German Ambassador, because the United States still is technically in a state of war with Germany.

The incident occurred at an official dinner to the diplomatic corps by Raoul Peret, president of the Chamber of Deputies.

Pierre Fouquieres, of the foreign office, known as "introducer of Ambassadors," approached Mr. Wallace in the reception room before the dinner and said:

"The German Ambassador desires to be presented to you."

"Can't you forget it?" inquired Mr. Wallace, who knows Mr. Fouquieres very well.

"He is standing just behind me," replied Mr. Fouquieres. "He is very persistent. I did not wish to embarrass you."

"Tell him that I refuse to meet him," said Mr. Wallace.

The American Ambassador was warmly congratulated by members of the party who surrounded him following the incident.

QUARANTINES OWN HOME

## BRITAIN CENSORS NATION'S CABLES

Messages to America From Great Britain Held Up for Examination

Irish Troubles and Bolshevik Activities Said to be Responsible.

(By Associated Press)

Washington, December 16.—All American cable messages leaving Great Britain are now being held up for examination by the British naval intelligence authorities, Newcomb H. Carlton, president of the Western Union testified today when recalled before a special Senate committee investigating cables and the advisability of legislation affecting them.

The new British requirements have been imposed, Mr. Carlton said, for the purpose of throwing light upon "internal disturbances in Great Britain and I presume more particularly with reference to Ireland and Bolshevism."

Mr. Carlton added he was not sure whether inbound cables from the United States also were being held for examination.

## HOLD MEETING TO DISCUSS AID TO THE FARMER

Members of House in Conference Regarding Relief.

(By Associated Press)

Washington, December 16.—Republican and Democratic members of the House from the agricultural districts met today in joint conference to consider what action from Congress will best serve to meet the demands of the farmers who are facing financial loss.

The conference plans to consider all measures relating to farming relief, some 100 of which have been introduced at this session. The committee was instructed to prepare a report recommending a policy for Congress to be presented Monday when the conference will hold its next session.

## COMMUNIST EFFORT FAILS

(By Associated Press)

Paris, December 16.—Attempts which have been made by communists in Czechoslovakia to overthrow the government and seize power in that nation have failed entirely, according to the latest dispatches to the French Foreign Office.

The Czechoslovak government, it is declared, is emerging from the turmoil of the past fortnight in a strong position.

## 3436 MILES AWAY TO BE CONTINUED

(By Associated Press)

Cambridge, Mass., December 16.—With feeble earth tremors still running at 11:40 a. m. a preliminary estimate of the distance of the shock from the station of 3,436 miles was made. The direction was doubtful.

The radius within which the shock occurred "included two very touchy places—Alaska and Peru," it was said.

## FOUR NEW MEMBERS ADDED TO LEAGUE

Bulgaria, Costa Rica, Finland And Luxemburg Admitted

Five Applicants for Membership Reported Unfavorably

(By Associated Press)

Geneva, Switzerland, December 16.—Four new nations were made members of the League of Nations by the Assembly of the League here today. They were Bulgaria, Costa Rica, Finland and Luxemburg.

France and Australia abstained from voting when the admission of Bulgaria was before the Assembly for decision.

It was stated before the voting took place, France had no objection to Bulgaria in particular, but would not vote because there was some analogy between the cases of Bulgaria and Germany.

The committee reported unfavorably on the applications of Armenia, Estonia, Lithuania, Latvia and Georgia. It failed to recommend the admission of Armenia because authority over the entire territory of that nation was not being exercised by the government.

## DESIRE DRAFT EVADERS FACE MILITARY COURT

Charge War Department Not Bringing Offenders to Justice

(By Associated Press)

Washington, December 16.—Charges that the War Department is taking no action looking to the prosecution of draft evaders and deserters were filed with the House Judiciary Committee today by representatives of service men's organizations.

The Committee is considering a bill to extend the statute of limitation from three to six years for prosecution of violators of the selective draft act.

William G. Murdock, department adjutant of the American Legion for Pennsylvania, declared that the War Department "has done nothing but promise prosecutions" of more than 150,000 draft evaders and deserters.

## FEAR PILOTS LOST LIVES

(By Associated Press)

New York, December 16.—Expressing concern for the safety of the three navy pilots who sailed away from Rockaway Beach in a free balloon on Monday the Naval Air Station there today telegraphed recruiting offices throughout New York state asking that inquiries be made to determine if anyone had seen the balloon.

Before leaving the pilots promised to communicate with the naval air station at Rockaway as soon after landing as possible.

## FULL HISTORY GRACE CHURCH BY D. S. CRAIG

Read Sunday Morning On Occasion of Twenty-fifth Anniversary Services.

Recalls Interesting Events Of Moment in Building of Present Edifice.

At the twenty-fifth Anniversary Services held at Grace Church Sunday morning one of the features of the quarter-century celebration was a detailed and interesting history of the church building, starting many years before its dedication, read by Mr. D. S. Craig.

Owing to lack of space it is not possible to print the entire delightfully prepared manuscript by Mr. Craig. The following is a condensation of the original, but serves to bring out the high points of the author's story.

The story says in part:

The Methodist Episcopal Church at Washington Court House, Ohio, was organized during the summer of 1817, by Solomon and Thomas Carr, at the residence of Thomas Wilson, 103 years ago. After its organization services were held part of the time in the court house and part of the time at the homes of the members of the congregation until 1826. In that year the brick school house on Market street, afterward part of the residence of Richard Millikan, was completed. It was located on the site of the building now occupied by Drs. Stitt and Todhunter, and was used by the society until 1834, when a brick church was erected on the corner of Main and Market streets where now stands the Morris Sharp building, a part of the Y. M. C. A. Its walls were however always unsafe, and the building was never completed inside and in three years was abandoned.

From that time until 1845 the Society occupied the court house and occasionally the Presbyterian church, when a frame church was erected on Market street and occupied until 1856.

Happily, there still remain among us persons who attended services in this frame church. Of this number are Mrs. Ruth Dahl, Mrs. Ella Cissna, Mrs. Jane Daugherty, Mr. Joe N. Wilson, Mr. Sam Cissna and Mr. Thomas Gardner.

At class meeting no one was admitted after the ringing of the second bell, and it is well remembered that those who came late went away without gaining admission.

In the matter of dress no one was supposed to deck out in finery for church service, and the wearing of jewelry was entirely out of order.

In year 1866, the Centenary year of Methodism, the Society resolved to build a church that would be an ornament to the town and an honor to the Methodism it represented.

A lot was purchased on the corner of Market and North streets and a brick building was erected at a cost of about \$14,000. The church was dedicated on the following February, 1867. It was used continuously for twenty-seven years, when it was torn down to make way for the present structure.

In December 1873 the Temperance Crusade was launched in Washington

and Methodists along with the other churches of the town led in a movement which was the forerunner of the great campaign which was destined to result in the abolition of the liquor traffic in the United States. Here was one of the camps in which devout Christians met in prayer and supplication while courageous mothers, wives and daughters went out implored the saloonists to stop their traffic in intoxicating liquors.

The influence of the movement started successfully in Washington, spread like wildfire over the country, resulting in the organization of the Women's Christian Temperance Union and subsequently the Anti-Saloon League, and finally in the overthrow of the liquor traffic in the United States.

About 1893 it became evident that the church building was not adequate and in April of that year the first definite movement toward a new building was made. The financial situation made it impossible to proceed at that time, but a meeting called in April, 1894, the motion to build was passed again, and the building committee appointed. The work of soliciting subscriptions was left to Mr. George Dahl and the pastor, the Rev. Franklin McElfresh. After the willingness of the people had been shown by their liberality in pledging about nineteen thousand dollars, the committee visited many cities to obtain the best plans for a modern church. The Epworth Memorial Church in Cleveland met their favor above all others, and they proceeded to follow its general plan. Mr. R. S. Badgley of Cleveland, who designed the Epworth Church, was selected as the architect and the contract was let on the 26th of September, 1894.

October 28th was the last Sunday in the old church, which for 27 years had supplied the wants of the people. The following extract from the Western Christian Advocate of November 7, 1894, says of this farewell meeting:

"Presiding Elder, Dr. T. R. Taylor, was present with the pastor. At night the house was packed and many were unable to get even standing room. The chorus and the choir rendered selection from Haydn's Mass. Miss Edith Gardner, accompanied by Miss Light at the organ, sang a solo from the Oratorio of St. Paul. There were three addresses by laymen.

"Hon. Mills Gardner gave the history of the building of the old church abounding in amusing episodes and noble sacrifices.

"The veteran chorister, Mr. R. A. Robinson, traced the old church's history, and gave many hallowed memories.

"Mr. Morris Sharp turned the thought of the vast audience towards the future, and the help of a fine crayon drawing of the new building inspired all hearts with enthusiastic delight, as he described the plan, proportions and finish."

The work of the building was taken up vigorously under the direction of the pastor, the Rev. Franklin McElfresh and a building committee composed of Morris Sharp, as chairman; C. H. Brownell, treasurer; A. R. Creamer and Mills Gardner.

The trustees at this time were Mills Gardner, Chairman; Morris Sharp, J. M. Adams, A. R. Creamer, George Dahl, Eli Craig, Richard Millikan, J. C. Greiner, C. H. Brownell.

The structure was completed and dedicatory services were held on Sunday, December 8, 1895. At the morning meeting the church was packed with an enthusiastic congregation.

The sermon was preached by the Rev. Dr. Charles H. Payne, of New York City, formerly president of the Ohio Wesleyan University. The statement of Treasurer, Mr. C. H. Brownell was made showing that in order to dedicate the church free from debt it would require about \$22,000.

The subscriptions taken following the sermon totalled more than the amount required.

The Methodism of Fayette County held a reunion on Friday afternoon with Morris Sharp presiding. Addresses were made by the Revs. J. W. McNair, of the Presbyterian church; W. J. Coulston, of the First Baptist church; and Austin Hunter, of the Christian Church.

The Feast of Dedication was ended by services on Sunday the 15th of December.

It does not appear fitting to close this record without mention of two other important undertakings. In 1910 it was decided to build a parsonage which should be more in keeping with the church, and a modern brick structure was built on the site of the old one at a cost of \$6,500. Thus was the entire church property placed in the condition in which it substantially exists today.

## HARDING CALLS ON MOTHERS TO LEND THEIR AID

Marion, O., December 15.—American mothers were asked by President-elect Harding tonight to give to school officials and other public servants a full measure of co-operation in the educational, religious and physical training of children.

Speaking here before a state meeting of the Child Conservation League, Mr. Harding declared it the duty of motherhood to keep the old time home spirit alive in spite of the growing tendency to entrust the instruction of the child almost wholly to public institutions.

He made a particular plea that religious training be kept in the province of the hearth.

## COLUMBUS GRAYS MISREPRESENTED TRIANGLES CANCEL

Washington High School Team Substitutes and Wins in Close Game

Because the Columbus Grays, a semipro basketball team of Columbus, misrepresented itself in obtaining a game with the Y. M. C. A. for Wednesday evening the local management canceled after the team had arrived in the city.

Both the management, the players, and the fans favored the cancellation because of the misrepresentation and the large crowd of fans that had gathered for the contest was not disappointed. The Washington High School team came to the rescue and in a practice game nosed out the Triangles 30 to 28.

At the last moment the high school team was summoned after it had gone through its regular hour and a half practice.

The game was close all the way and was featured by the pass work of the high school. It was the first appearance this year of the Blue and White quintet before the public and it seems that a powerful squad is in the making.

George O'Brien, Triangle guard, was not in the lineup and his fast work was missing at this position.

The lineups: Y. W. C. A. H. Smith and Rief, forwards; Peterson, center; Moorehead and P. Smith, guards.

High school: Rogers and Dern, forwards; Deen center; Beck and Plee, guards.

Referee—Klester.

## An Opportunity

What an elegant and acceptable Christmas gift a \$1000 certificate of Sears & Nichols Canning Co., 8 percent, preferred stock would be!

Just think—there would be coming to you four times a year a check for \$20, as 2 percent of this dividend is payable quarterly. This company has a fine, prosperous plant right here at Washington C. H., and many others throughout Ohio and near by states.

We are now offering for sale some of this 8 percent preferred stock. Many of the old stockholders are buying more of this stock. Why? Because they like a tax-free investment that shows them \$80 a year net on each \$1000 invested. See us for full particulars. Your dividends are calculated from the day your check is dated. Why not make a Christmas gift to yourself of some of this stock?

N. B. We always have city properties for sale. See us about a small place near town. Would you be interested in a 50-acre Ross County farm? We have it; also 2 1-3 acres, only \$600 down, west of this city.

# RANDOM NOTES

## SOCIAL : PERSONAL MENTION : CLUBS

"Lady Astor is disappointed in women. And she told them so in a speech which she made to masses of them at the opening of the Englishwoman's Exhibition, in London.

"I am glad that the days of the clinging, dependent woman are over," she said. "When I was a child I used to read about heroines who fainted at the sight of a rat, and wonder if I would grow up like that."

However, while admitting that women have outgrown these puerilities, she deplored their lack of logic in the matter of dress.

"This is a testing time for women," she continued, "but when I walk down Bond street and see the way they dress, I think they have been tested

and they have failed. What should we think if men changed the length of their trousers every year?" she asked.

Lady Astor appealed to the women to dress more sensibly, as men do. Her idea seemed to be that if their skirts reached a logical conclusion, their brains might get there some day, too.

Another grudge which Lady Astor has against women is their absolute lack of loyalty. She declared that women would not vote for women—whereas men never refrained from voting for a member of their own sex merely because he was of that sex.

Judging from opinions expressed by members of the audience, most of the women there were entirely in accord with Lady Astor. They agreed that in

the main women were foolish creatures.

That is why they vote for men."

Mr. and Mrs. C. A. Shasteen gave a very pretty surprise party Tuesday evening in honor of their daughters Fern and Leona.

The girls were, completely surprised, upon returning home from their grandmother's, where they had spent the evening, they found a number of their school friends gathered to wish them a happy birthday. A number of lovely and useful gifts were received.

Music and games were included in the entertainment, and dainty refreshments were served.

Those present were Misses Thelma Craig, Helen Counts, Ethel Bonecutter, Zoe Burnett, Jennie Louise and Marjorie Callender, Dorothy Lemons, Lillian Thompson, Romana Short, Maxine Clark, Clara and Mary Alice Davis, Dorothy and Virginia Kerns and Mr. and Mrs. Harold L. Callender.

Mr. Ollis Allen St. John of Dayton and Miss Gladys Beatrice Post, of Cedarville are announcing their marriage which took place at Newport, Kentucky, December sixth.

The bride was a former high school pupil of Washington C. H.

The young couple will spend a short time with the bridegroom's parents in Dayton and then locate on a farm near Dayton.

No outside storm could dampen the success of the "Get Together Meeting" of the Knights of Pythias and Pythian Sisters, which ushered in the winter season with much joyousness Wednesday night.

It was a gala occasion in every way, with the big K. of P. Castle providing brilliant setting for between four and five hundred members of the orders and their families, and every single one having the best possible time.

A fine program was presented early in the evening, each number well received and popularity attested to hearty encores, which brought responses.

The Girls' High School Glee Club gave two selections and the program also included vocal solo, Miss Jessie Sunkle; Reading, Miss Mary Alice Davis; Piano duet, Misses Mabel Sunkle and Helen Karney; Violin Solo, Miss Gwendolin Wolfe, with piano accompaniment by Miss Mabel Sunkle; Violin Solo, Miss Wolfe, with Victrola accompaniment, Cornet Solo Oliver Tracey.

Judge A. C. Patton made a short talk, explaining the purpose of the social affair—the bringing together of the families connected with the order in the distinctive pleasure of the fraternal gathering. The plan is to continue these affairs monthly and the success of the first one will make its successors all the more anticipated.

After the program the guests enjoyed cards and dancing. There were twelve tables of card players.

Harvey's Orchestra furnished splendid music and refreshments were served in the banquet hall.

The affair was ably planned and carried out to success, Mr. Herman Price chairman of the K. of P. committee and Mrs. Ida Gillespie of the Pythian Sisters' Committee.

Mrs. L. A. Mark and Mrs. Lettie Deans were retained as President and Secretary of the Ladies Aid Society of the Church of Christ, at the business meeting at the home of Mrs. Maud Perry in Millwood, Wednesday afternoon. Other officers elected included Mrs. Clark Mershon as Vice President; Mrs. H. C. Conwell Assistant Secretary and Mrs. John Van Gundy, Treasurer.

This meeting closed the year's work and there were splendid reports given, showing this to be the most successful year in the history of the local organization, both financially and in membership. The Society now has an enrollment of more than one hundred members.

The December meeting of the Woman's Missionary Society of the First Presbyterian Church convened at the home of Mrs. Austin P. Hopkins, Wednesday afternoon, with the assisting hostesses Mesdames E. N. Holloway, Frank L. Stutson, Charles Sollars, Homer Miller, Henry Dillinger, Strevy C. P. Jamison, A. O. Schwartz, Harry Parrett, Chas. Saur, Mary Passmore, Homer Baker, L. H. Goddard, Nolin Hathaway L. P. Thomas, Charles McLean.

Regardless of the stormy weather there was a very large attendance including a number of the McNair Society members, and a delightful meeting, its guest centering in the afternoon's interest and speaker, Miss Margaret Best, a missionary from Korea.

Following opening devotionals, conducted by Mrs. Hopkins, President,

## SILK SWEATER IS AGAIN CHOICE FOR WEAR IN FLORIDA

The silk sweater returns to favor again and the reason it returns at this season when most of us are hunting for our heaviest woolen sweater is because the southern season, that great American institution, is about to open. Silk sweaters will again reign as the fashionable wrap for the winter resort wear. Here is a very pretty model in fancy weave trimmed with the new woven trimming, "Toile de Tapis."

Miss Best made a fine address on Korea, giving insight into the great change which missionary effort has created. There has been intense opposition to foreigners entering and Dr. Moffett himself was stoned by a young man, who later became a minister and, like Paul, regretted his mistreatment.

Northern Korea is very aggressive and when christianized very earnest. Less than 30 years ago there was not a church in Northern Korea and now there are 7 Presbyterian churches, 1 college and 1 theological seminary, as well as Bible training classes for women and kindergartens for children. Miss Best was a pioneer in organizing these classes. The country people had never seen an American woman and Miss Best's experiences were many and amusing the great change that has come over Korean women can be largely traced to the inspiration of the Bible Classes.

The missionary Societies are their outgrowth and they have raised many thousands to send the gospel to other parts of their own country and also other countries where it has not been carried.

Wonderful changes have been wrought in the last twenty-five years. At present conditions are as unsettled as they are everywhere and prices so high that the necessities of life are almost beyond the reach of the people. New thoughts and new ideas have taken the place of the old, due to christian knowledge.

The position of women has greatly changed and men admire them for their progress, especially in church work. Korea is much interested in education and lately raised an immense sum for educational work. When such collections are taken up the women throw into the box their jewelry and even their hair switches.

Rev. and Mrs. Kearns-Preston, Mrs. Quincey Kinkaid, President of the Chillicothe Presbyterian and Mrs. Maude Howland, were at the meeting and in response to requests, Rev. Kearns-Preston and Mrs. Kinkaid made short talks. Victrola music added to the pleasure of the program.

The guests lingered late in the afternoon enjoying the dainty refreshments served by the hostesses and the beautiful home with a variety of chrysanthemums in effective arrangement.

Mr. Ed Pine, who has been in this city for several months left Thursday for his home in Norfolk, Va.

Mr. E. L. Reeder of Columbus was the guest of his brother Mr. E. H. Reeder and family.

### \$10,000 DAMAGE ACTION IS FILED

Dayton Man Files Suit In Which W. H. Sheridan is Made Defendant

Claiming that the defendant carelessly operated his automobile so that it collided with plaintiff's car and also struck and injured plaintiff in a serious manner, Herschel C. Kennedy, 529 Bowen street, Dayton, Thursday morning filed proceedings in the common pleas court asking \$10,000 damages.

The plaintiff, who is represented by John J. Hoover, claims that on July 22, 1920, while in Hillsboro his Ford machine stopped on the left side of the street while headed up hill, and while he was endeavoring to start the machine the defendant, driving a Chevrolet, came down the hill at a rapid rate of speed and collided with plaintiff's car, crashing plaintiff between the two machines, inflicting cuts, bruises and concussions, destroying a \$10 silk shirt, damaging a \$55 suit, damaging plaintiff's automobile \$150 and resulting in plaintiff paying \$9 for doctor bill, \$5 for medicine, and losing \$39 per week as a mechanic. Plaintiff also says he was permanently injured and suffered greatly from shock, to his personal damage of \$10,000.

## LIFER PARDONED

(By Associated Press) Columbus, Ohio, December 16.—Governor Cox Wednesday pardoned Elliott Burns, former newspaperman, of Dayton, who was serving life sentence in the penitentiary for murder. He was convicted in Cincinnati where he is alleged to have killed a woman of the underworld, nine years ago.

## TEACHER GONE THREE WEEKS

Three weeks ago Friday D. M. Feagans, teacher in the Cook Station schools, applied to District Superintendent A. E. Henkle for a week's leave of absence to attend to some business.

Since that time not a word has been heard from him and efforts of the school officials to get information concerning his whereabouts have been without avail.

Mr. Feagans' wife, whose home is in Mound City, Mo., did not accompany him to Ohio for the winter term of school and it is believed by Superintendent Nelson that he is being detained there by illness. Only last year he was forced to spend the winter in the west because of falling health.

Mrs. Ralph Anty of this city has been engaged by Superintendent Nelson to fill the vacancy.

## PRISONERS FIND LIQUOR IN JAIL AND STAGE PARTY

(By Associated Press) Bellaire, Ohio, December 15.—Four prisoners charged with loitering staged a "party" in jail here Tuesday night. Police who entered their cells Tuesday found them intoxicated and twenty-one bottles on the floor. A quantity of confiscated liquor had been placed by the officers in an adjoining cell.

## URGES OVERSEAS PLANS TO CARE FOR IMMIGRANTS

683,371 Aliens Arrived in America During Last Fiscal Year

Washington—Establishment of machinery overseas in co-operation with foreign government through which aliens before breaking up their homes may determine whether they will be admitted to the United States and legislative consideration of the proposals of the Second Industrial Conference are outstanding recommendations in the annual report of Secretary Wilson made public today.

The Labor Secretary devotes much of his report to discussion of immigration and the expulsion of alien revolutionaries. He asserts that he alone has authority to order the arrest and expulsion of aliens although the Bureau of Immigration has assumed to itself power not only to make recommendations, but also to make findings.

The report shows that 683,371 aliens arrived in this country during the last fiscal year as compared with 237,021 the year before. Of the total arrivals 11,795 were excluded at the ports where they sought to enter. Of those arriving 430,001 are classed as immigrant aliens and 195,575 as non-immigrant aliens. Departures of aliens totalled 428,062, including 288,315 emigrant aliens and 139,747 non-emigrant aliens, making the net increase in the immigrant population for the year 193,514.

Japanese admitted numbered 16,174, as compared with 14,904 the year before. The total number of Japanese departing is placed at 15,653, making, the report says, the indicated increase in Japanese population 521. Of those admitted 9193 were males and 6,981 females.

## LABOR AND FOOD SITUATION AMONG GERMANS IS BAD

(By Associated Press.)  
Berlin, (By Mail).—Gradually increasing prices for food in Berlin have caused a corresponding increase in the demands of workmen for higher wages and strikes, or the threat of strikes, hang over virtually every business in the city.

Approximately 1,000,000 persons are reported unemployed in Germany, the majority of them in reduced circumstances, some facing starvation. Four months ago 284,181 women were seeking employment, according to the labor ministry's estimate, and it was announced 309,000 persons shortly would be out of work or on short-time, the latter being unable to earn enough to support themselves.

Nearly every municipality in Germany is occupied with the problem of providing work for unemployed and adjusting wage difficulties, in an effort to forestall the spread of strikes and further discontent.

The meat shops of Berlin are well-stocked with choice cuts and have large supplies of imported cheese, oils, pickles and other viands, but as winter advances, prices continue to go up and sales fall off. With nothing saved from summer wages, workmen are facing the problem of expenditures for fuel for heat and warm clothes in addition to food and the fact that the pay of many falls short of meeting these expenses has caused a spread of unrest.

## THE BEST TEST

Is the Test of Time

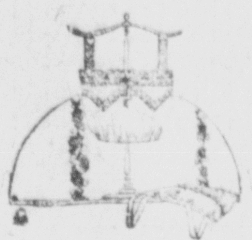

Years ago Mrs. P. P. Wigginton of 316 N. Payette St., Washington C. H. told of good results from using Doan's Kidney Pills. Now Mrs. Wigginton confirms the former statement—says there has been no return of the trouble. Can Washington people ask for more convincing testimony?

"I suffered from a constant backache and trouble with my kidneys," says Mrs. Wigginton. "I got Doan's Kidney Pills and they cured me."

### THE RESULTS LASTED

Over eight years later Mrs. Wigginton said: "The cure Doan's Kidney Pills gave me still proves permanent. I continue to praise them as highly as before."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wigginton had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Advt.

# Christmas Suggestions

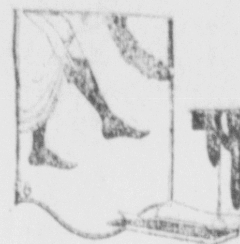

-of true acceptability-

## Such Attractive Silk Underwear for Christmas Giving

All purchased on the new lower price level.

What woman is there who doesn't delight in exquisite Underthings? Dainty Camisoles, for instance, with ribbon shoulder straps, frilly laces and rosebuds to help them captivate feminine fancies. No doubt there are many persons on your list to whom such a token of regard would bring real delight.

## Every List Includes Several Pair of Hose

and we are ready to supply them with our entire stock at 20 per cent. discount.

Hosiery for Women.

Hosiery for Children. In Silk, Wool and Cotton, all sizes, all colors. In attractive Christmas boxes if you wish.

## Cift Blouses—All at 25% Reduction

Here at last is a gift suggestion that may be applied to any member of the family. Mother would be most pleased with the Blouses featured in the suit shades, but for sister or daughter you could hardly find anything more appropriate and desirable than the lovely affairs of dyed lace, delicate Georgettes and Crepes which abound in such frivolous touches as ribbons, glistening embroideries, beads and flirtations asches.

## This Will Be A Glorious Christmas for the Wife Who Receives New Furs

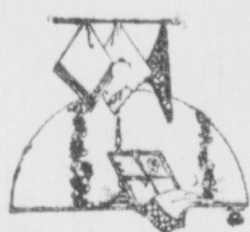

Perhaps the wife has been putting off the longed-for purchase for several years, because prices were so high.

Then this is the time to make the waiting worth while—to give the careful wife the joy of possessing the beautiful Furs that she has been wanting, and to buy them for a much lower price than heretofore.

## A Gift of Handkerchiefs is Sure To Please

If plain Handkerchiefs are welcome remembrances, surely the snowy bits of linen that have initials embroidered in one corner are doubly so. And, of course, there are people on your list who will like Handkerchiefs bright with color and to help you please them we have gathered together just dozens and dozens of amazingly pretty ones.

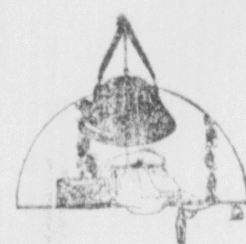

## Santa Is Coming! Think of It!

The Jolly Old Fellow will be at Stutson's in the Toy Department on Saturday afternoon, from 3 till 5, and what's more he will have a big stick of pure sugar candy carefully wrapped in tissue paper for every little girl and boy.

## Handbags Are Most Acceptable

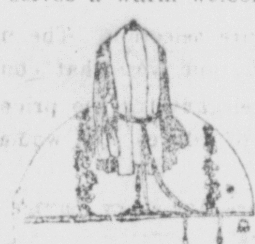

Is there any woman you know who would not be delighted with receiving another hand bag? This woman would indeed be hard to find, for regardless of how many bags she has, another is always welcome. If hand bags are not on your list, add them, and come see our present display.

Here are beaded bags, bags of hand-tooled leather, velvet duvetyne, moire, pin seal, in a host of pleasing styles.

## Had You Thought of A Sweater?

Whether the gift is for a woman, a girl, or a little tot, a Sweater is always a safe selection. Nowadays, everybody wants several Sweaters, of various weights and colors, and a new one receives a warm welcome.

By making selections here you will have the advantage of 25 per cent. discount during our readjustment sale.

## A Handsome Dress Pattern is Always A Gracious Gift

How any woman loves to have several patterns of dress materials waiting for the chance to make them up! It makes a useful gift—safe to buy—easy to select, easy to send and always gratefully received.

Here is a most gratifying assemblage of fabrics to choose from, all of which are included in our readjustment sale at 20 per cent. discount.

## Books Will Give The Children Many Pleasant Hours

A visit to our book displays is just like renewing your youth. Looking over gayly illustrated pages you will get the same thrills you felt when you first pored over the enchanting fairy tales of the brothers Grimm; Alice in Wonderland, and even in the cambric pages of Mother Goose. Half the fun in being a child lies in reading these very Books. And from a standpoint of economy there are few more desirable gifts to be found.

## For Those in the Family—We Suggest Apparel!

The intimate association of those in the home permits the giving of apparel and the choice of the very item which will fill the greatest need and furnish the greatest pleasure.

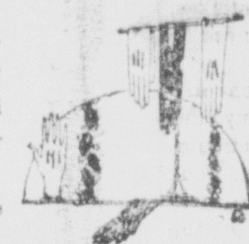

During our readjustment sale, a dollar buys so much more than it formerly did, making apparel gifts doubly attractive.

- All Suits at 33 1/3 per cent. discount.
- All Coats at 25 per cent. discount.
- All Dresses at 25 per cent. discount.
- All Millinery at 50 per cent. discount.
- All Skirts at 25 per cent. discount.

## The Glad Hand of Christmas Morning Will Try On the New Gift Gloves

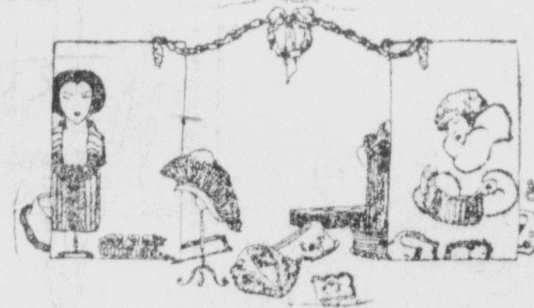

The safe and sure selection. The useful, the thoughtful gift, and yet what could be more refined and elegant for the price paid than a nice pair of Gloves, for woman, or child?

Every kind is here, for every service. The prices too will please.

## For the Woman Friend—A Pretty Bit of Neckwear

Every woman loves to have plenty of these beauty things. You know just what would be becoming to her, and there is so much daintiness and effectiveness to a Neckwear gift that costs only a few dollars.

## China and Glass

The mere usefulness of a gift is not alone sufficient to appeal to those who seek beauty with utility. A gift selected from our collection of China and Glass is particularly appropriate because it typifies the refinement of necessity. A visit to this department during the Christmas shopping will be worth while.

# The Frank L. Stutson Company

The Store of the Christmas Spirit

## Xmas Suggestion

In our store you have a quiet, convenient place to choose Christmas gifts of enduring charm. In a few moments you can select a Cheney that will bring pleasure to your home for years.

# If You knew some of the Christmas Secrets that We know

### We Invite You to a Demonstration of This Beautiful Instrument

Volumes cannot tell you what you can hear in five minutes of the beautiful tonal quality of The Cheney.

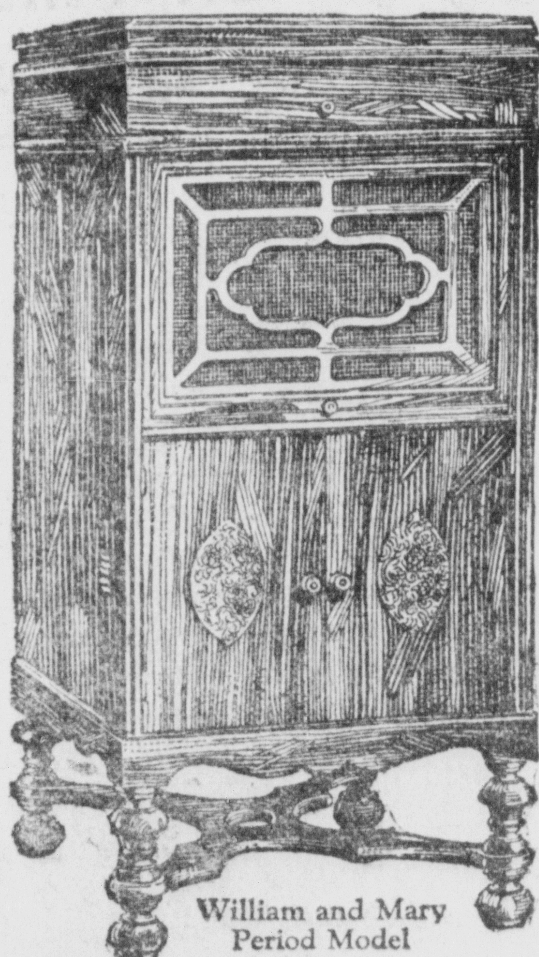

Let us play a piano record for you—that most difficult of all instruments to reproduce perfectly. Let us play your favorite records. Then decide for yourself whether The Cheney does not have rich, mellow tonal quality such as you never have heard before.

As a beautiful piece of furniture, The Cheney is worthy of the finest homes. Each cabinet is in period design and the workmanship is that of the finest furniture craftsmen in the country. Yet, The Cheney costs no more than others. Prices range from \$125 to \$385 for regular models.

YOU might be surprised! Santa Claus has taken us into his confidence. We're going to help him. And hundreds of homes are going to be happy on Christmas Day with a new Cheney. Is one coming to your house? We can't tell—it wouldn't be fair.

But if one is—then you surely will have a lovely Christmas gift. For The Cheney brings the finest music of the world into your home. Because it plays all records, it places the record libraries of the world at your disposal.

# The CHENEY

William and Mary  
Period Model  
\$250

is a wonderful entertainer for your friends, the accommodating host always ready to "play" for a dance. It is a soloist, or a "whole brass band" at your command.

The Cheney is an ideal Christmas gift—unusual because it continually grows in value. Just like a rare, old violin which has grown sweeter with age, The Cheney enhances in tone quality.

"The Longer You Play It, The Sweeter It Grows."

Not only does it play *all* records, but a series of acoustic inventions endows The Cheney with tones of exquisite purity and richness. Needle scratch is

virtually eliminated, and those delightful "overtones" which give great artists their individuality of voice or touch are brought out in all their beauty.

We enjoy playing Santa Claus with The Cheney—for our friends always appreciate it. We trust that we already have instructions to leave one at *your* house. If we haven't, then "somebody" should act at once. For The Cheney is so popular that our stocks will soon be depleted.

Our sales people will be glad to demonstrate The Cheney for you. Even in the Christmas rush you will find them pleasant—and prompt.

## Borah Sees Differently

Senator Borah announces, in his usual spectacular manner, that he favors the, immediate, opening of negotiations by the United States with Great Britain, France and Japan looking to the reduction of present navy equipment and a very substantial curtailment of the present navy building plans.

Coming from Senator Borah, an out-and-out irreconcilable who made more noise about his opinion, hostile to any agreement with European nations and seemed "prouder of it" than Senator Johnson himself, the announcement, while encouraging to all advocates of disarmament, is a little startling in its unexpectedness.

With the election over and facing an enormous program of navy construction and staggering estimates of cost totaling billions, with the mad race, between civilized nations, for supremacy in war and navy equipment resumed and the menace growing daily more ominous than it was prior to the world war and with responsibility cast upon them, ideals of world isolation do not appear so attractive nor so practical as they did when high sounding words and phrases constituted the sum total of holding fast.

It is not difficult to discover in Senator Borah's announcement, if not a change of heart in that picturesque westerner, at least an understanding that Senator Johnson and himself no longer hold, free from responsibility, the balance of power in the Senate, that President-elect Harding need no longer be in fear of incurring their ill will and that it would be wisdom on his part to reform his position so that he may go along with the minds of the majority.

The people, when it comes to the actual test, are in no mood to add billions to the already appalling debt, in building and maintaining a fighting machine on land or sea and Senator Borah is beginning, evidently, to realize that fact.

## A Slap On The Wrist

The Senate Committee on Production and Reconstruction after months of "labor," while the people—the home owners, the manufacturers and the utilities companies—were "bled" by the coal profiteers, made its final report to the Senate on Tuesday.

The committee finds that the operations of the coal profiteers has been and is a disgrace to the nation.

The people knew all that long ago—knew it before the Senate committee spent so much time and so much money—and if the members of the committee had asked almost any man or woman in the United States about conditions of the coal market—supply and prices—they could have had their report ready long ago. Indeed the people of the nation have used much stronger language in denouncing the coal profiteers than the Senate committee has used in its report.

The committee as usual, in these coal probes, deals with the past. The robbery of the people by the coal profiteers is graphically described, going, to some extent, into the harrowing details. The people, however, know the whole story—know it by bitter experience. They hoped the Senate committee would have some positive recommendation to make—something without any strings attached and without any provisos.

There is some recitation in the report about what can be done and "may" be done to relieve the people if the coal profiteers do not reform their methods.

It's the same old story to be pondered over by the Senate until the coal profiteers get their plans to working for next year. There is no lock furnished for the door—no attempt made to even close it.

The robbers have been pointed out and given a mild slap on the wrist when, figuratively speaking, a large, well seasoned two-by-four oak scantling should have been used on their heads.

## POETRY FOR TODAY

### THE LAW

Discouraged are you? Remember this:  
The pendulum will yet swing back;  
The sun will rise again, the mists  
To banish night, however black.  
Is summer gone? The tides of time  
Are swiftly setting toward the spring.  
A thrill with life and love sunshine,  
A joy with bluebird on the wing.  
Your roses dead? Within the earth  
The seeds but wait the season's turn.  
All death and failure are re-birth;  
This is the lesson you must learn.  
For will is law and can create,  
Combined with faith, and word and thought.  
You have the tools to mold you fate,  
And are today what these have wrought.

Mary Hester Force.

## HAMON'S WIDOW AWARDED \$65000 FOR HER ANNUITY

Smith Woman Still At Large  
Says Attorney

Ardmore, Okla., December 16.—Mrs. J. L. Hamon, widow of Jake L. Hamon for whose death Mrs. Clara Smith Hamon is being sought, receives \$5,000 monthly allowance from the estate of her late husband. An additional award of \$5,000 as a Christmas present was granted to the widow by the Carter County Court.

Application for the award was made by Frank L. Ketch, administrator of the Hamon millions. He stated it had been the custom of the late Mr. Hamon to give to his wife a considerable sum of money each Christmas. Under the award Mrs. Hamon's allowance will total \$65,000 a year.

Olive Bell, the eleven-year-old daughter of the late millionaire, received \$2,000 monthly. She is to have a musical education.

Jake Hamon, Jr., 18 years old, receives \$250 a month. The petition stated he was engaged in business and able to care for himself.

County Attorney Brown announced that no tidings had been received from accused woman. It had been reported she would surrender.

Fred R. Ellis, legal representative of the Hamon interests denied prosecution for blackmail was being considered as one of the angles of the international search for Mrs. Hamon.

## FARM WOMEN TO BE RECOGNIZED IN FEDERATION

(By Associated Press)

Columbus, O., December 16.—Ohio farm women soon will be recognized as the compatriots of men in the Ohio Farm Bureau Federation, it was said here today by officials. Placing of farm women on an equal status with men is to be done soon in the American Farm Bureau Federation, and most, if not all, state farm bureau federations, and Ohio is on the list of those so to recognize the women.

This will be accomplished, it was said, without the necessity of putting

into operation any "nineteenth amendment," though it is admitted that changes in laws here and there may have to be made by state and American federations, through which changes women may be elevated to executive committees.

A great deal of the trend toward equal suffrage in the farm bureau, it is said, came from Ohio women and men. In this state, when a man be-

comes a member of the farm bureau, that means that his wife is a

member. There is only one vote, however.

In some states memberships have been sold to both man and wife, each holding voting power. In one or two states there are separate organizations.

Recently a convention of farm women put up to the Ohio Farm Bureau Federation a suggested program for women's membership. It has the sanction of the member of the executive committee and will be up for action at the annual meeting of the Federation, during the last week of Ohio State University, the last week of January.

## BIG LEAGUE CLUBS SWAP EIGHT MEN

(By Associated Press)

New York, December 16.—The New York and Boston clubs of the American League Wednesday completed a trade of eight players.

Catcher "Muddy" Ruel, Pitcher Herb Thormahlen, Second Baseman Del Pratt and Outfielder Sam Vick of the Yankees go to the Red Sox in exchange for Catcher Schang, Pitchers Harry Harper and Hoyte and Infielder McNally.

The trade of Pitcher Rube Marquard of Brooklyn for Pitcher Walter Ruether of Cincinnati, made during the week, was announced shortly after the National League, at its meeting, let it be known that there was no desire on the part of the league to punish Marquard further because of his alleged ticket scalping during the last world series.

## MAGAZINE FAKERS AGAIN ARE ACTIVE

Chillicothe police are looking for three magazine solicitors described as "nice young men" who have been working the well known magazine subscription fraud in Chillicothe, in order that they might get a "Chance to go to college."

The three fellows, working the same old fraud that has victimized many persons in this city in recent years, claimed to be high school boys working for funds with which to attend college.

When complaint was made to the police the three "nice young men" could not be located.

## BLOCKIE RICHARDS MEETS PHIL LOGAN

Dayton, O., December 16.—Blockie Richards, local fistic sensation and the kayo king of the little fellows has been matched with Fighting Phil Logan, the eastern light-weight, who has been toppling over the boys in the east in the same manner that Blockie has bowled them here, for a 12 round decision bout before the Miami A. C. at Lakeside Park pavillion, Wednesday night, December 22nd.

In agreeing to box Logan, Blockie has made the jump from the feather to the light-weight class and the weight will be 129 at 3 p. m., which will bring "Fighting Phil" in to the ring weighing about 134, fully 5 pounds heavier than the local boxer.

Mutt Snyder, local bantam weight,

who has won all of his fights to-date, will meet Eddie McManus in the semi-wind up.

## Some Questions

Every investor should ask himself the following questions about the security he intends to buy:

- Will my principal be safe?
- Will my principal be returned to me promptly at maturity?
- Will the income be regular and steady?
- Will the security be marketable?

If you cannot answer these questions yourself, we are at your service.

## STEAM ESCAPES AND ENGINE DIES

Scream of Escaping Steam Heard  
Over All Millwood and Yard En-  
gine Pressed Into Service.

Residents of the western section of the city along the Baltimore & Ohio railroad were awakened from their slumbers about half past five o'clock Wednesday morning by the wild screaming of a passenger engine.

The early morning passenger train due here at 5:28, bound for Cincinnati had just left the station when the engine in some manner broke a steam pipe.

Thousands of pounds of escaping steam caused a noise that was heard all over the city and brought people tumbling from their beds.

It was necessary to haul the train as far as Midland City with the local yard engine.

## DEATH CAUSED BY TYPHOID FEVER

Typhoid fever caused the death of Rufus Meyers, fourteen year old son of Mr. and Mrs. Frank Meyers, of Jeffersonville, at two o'clock Wednesday afternoon.

He had been dangerously ill for more than three weeks. For the last two months the Meyers family has been afflicted by the disease, a brother and a sister of Rufus having recovered only recently.

Besides the father and mother two brothers and two sisters survive.

Funeral services will be held at one o'clock Friday afternoon with Rev. B. F. McKinnon officiating. Burial will be made in Fairview cemetery.

## LONDON COMPANY NOW HAS 101 MEN

Company C, of London, now has 101 men and three officers and promises to become one of the best National Guard companies in Ohio.

### MEMOIR LOSEY

Isaac Lewis, son of Isaac and Elizabeth Losey was born at Cynthian, Pike County, Ohio November 13, 1858; died at the Fayette Hospital Washington C. H., Ohio, December 5th, 1920 age 62 years, 22 days.

Nov. 17, 1881 he was united in marriage to Eliza B. Hyer. Two children being born of this union, Lillie Leone who died in infancy and Lawrence Leslie, who with the mother, wife and one grand-daughter, Dorothy, still survive. Two brothers, Frank, of Hillsboro and James of Greenfield, also mourn his loss. One brother George, and a sister, Mary, preceded him in death several years ago.

Just one year ago the death angel came to the family taking away the little grand-son, Paul, which was a great shock to Mr. Losey and family, who never thought anything too great to do for his grand-children.

Mr. Losey spent most of his life in Fayette County and his genial pleasant ways made him a multitude of friends and won for him the high esteem in which he was held. He was a good Samaritan, as it were, to sunshine of his greetings and his smiles.

Christ in the rich, sweet messages of the word said, "A new commandment I give unto you, that ye love one another," and Mr. Losey in his kindly, unassuming way lived and kept this great precept of love.

In April 1903, he became a member of Good Hope Camp 4548. Modern Woodmen of America and his presence in the lodge room always added

enjoyment and enthusiasm to the Camp session. His demise after a brief illness came as a shock to his loved ones and to his wide circle of friends.

Like others who have departed one

by one, "Into that mysterious realm where each shall take their chamber in the silent hall of death, he too wrapped the drapery of his couch about him and laid down to pleasant

dreams. And tho' he sleeps the sleep That knows no waking Love will its vigil keep Tho' hearts are breaking.

**FREIGHT TRAIN STRIKES FORD**

Blinding Snow Storm Caused Isaac Dunfee to Miss Crossing.  
When he missed the crossing and drove his Ford touring car on the D. T. & L railroad tracks at Millikan Ave. Wednesday evening with a freight train approaching the car lodged in a hole and Isaac Dunfee the driver was forced to scramble out while the auto was carried a hundred feet up the track.

Mr. Dunfee was driving towards Millwood and in the face of the blinding snow storm about seven-thirty o'clock missed the crossing and drove his car on the unprotected tracks where it lodged.

The engineer of the freight saw the car standing on the tracks and brought his train to a stop after it had crashed into the Ford.

Although smashed and bent considerably the car was able to run when back in the street again.

**NEW FIREMEN TO GET INSTRUCTIONS**

Under recent orders issued by Safety Director Passmore more of the firemen on the city pay roll must be instructed how to run the big motor truck of the department, and to operate the powerful pump on the main piece of fire fighting equipment owned by the city.

This order was issued by Safety Director Passmore, it is announced so that greater fire protection could be accorded city property generally, and so that, regardless of what members of the department are in their recognized holidays, or rest days, those remaining on duty will be fully qualified for their work and be able to take out any or all of the city's fire fighting equipment and operate it without hesitation.

Steps toward bringing the department to a higher degree of practical efficiency by broader training of the new men will meet with general public approval as the mechanical equipment owned by the city is believed to be adequate for dealing with any ordinary fire situation.
